

dc connect

netherlands

euNetworks is a bandwidth infrastructure provider, delivering fibre-based network solutions to customers across Europe.

As a leading data centre connectivity provider, we are always looking at ways to enable you with high speed connections to data centres and key sites you need.

We own and operate metro fibre networks in cities across the Netherlands, namely Amsterdam, Rotterdam, Utrecht and Hilversum. This means we guarantee to deliver reliable, scalable and cost-efficient bandwidth solutions in these cities in a way that others cannot.

DC Connect is our unique data centre connectivity solution. We have pre-deployed capacity between 34 key data centres in Amsterdam, Rotterdam and Utrecht. This means we can offer you a rapid bandwidth service turn up, with 20 working day delivery SLA.

dc connect's focus enables us to deliver:

- Access to an interconnected network of data centres, enabling instant and seamless connectivity with industry leading delivery SLAs
- The right blend of connectivity solutions for your needs, from Ethernet to Metro Wavelengths
- Access to an on-net portfolio of partners – System Integrators and Cloud Service providers

- Onward connectivity to Europe – with a similar footprint in 14 European cities, and a diverse long haul network provides access to the same bandwidth solutions and experience wherever you need to be.

about euNetworks

euNetworks is a bandwidth infrastructure provider, owning and operating 14 fibre based metropolitan networks across Europe connected with a high capacity intercity backbone covering 49 cities in 15 countries. The company leads the market in data centre connectivity, directly connecting over 350 in Europe today. euNetworks is also a leading cloud connectivity provider, directly connecting 14 cloud platforms with access to a further 7. The company offers a portfolio of metropolitan and long haul services including Dark Fibre, Wavelengths, and Ethernet. Wholesale, finance, content, media, data centre and enterprise customers benefit from euNetworks' unique inventory of fibre and duct based assets that are tailored to fulfil their high bandwidth needs.

euNetworks is headquartered in London. For further information please visit www.eunetworks.com.
