

# dc connect

## london

euNetworks is a bandwidth infrastructure provider, delivering fibre-based network solutions to customers across Europe.

As a leading data centre connectivity provider, we are always looking at ways to enable you with high speed connections to data centres and key sites you need.

We own and operate a fibre network in London and in 13 other cities across Europe. This means we guarantee to deliver reliable, scalable and cost-efficient bandwidth solutions in a way that others cannot.

DC Connect is our unique data centre connectivity solution. We have pre-deployed capacity between 35 key data centres in London. This means we can offer you rapid bandwidth service turn up, with 5 working days delivery SLA. Our delivery SLA to other connected data centres in London are very competitive, with a footprint from Slough, Chiswick Park, Soho, the City, Canary Wharf, to Here East.

### dc connect's focus enables us to deliver:

- Access to an interconnected network of data centres, enabling instant and seamless connectivity with industry leading delivery SLAs
- The right blend of connectivity solutions for your needs, from Ethernet to Metro Wavelengths and Fibre

- Access to an on-net portfolio of partners – System Integrators and Cloud Service providers
- Onward connectivity to Europe – with a similar footprint in 14 European cities, and a diverse long haul network provider and access to the same bandwidth solutions and experience wherever you need to be.
