

We own and operate a fibre network in Dublin and 51 other cities across Europe. This means we can guarantee to deliver reliable, scalable and cost-efficient bandwidth solutions.

DC Connect is our unique data centre connectivity solution. We have pre-deployed capacity between 15 data centres in Dublin, spanning from Ballycoolin, Clonshaugh, Citywest to Park West. This means we can offer you rapid bandwidth service turn up with a 20 working day delivery SLA.

DC Connect delivers:

- Access to an interconnected network of data centres enabling near-instant, high bandwidth connectivity backed by industry leading delivery SLAs.
- The right blend of connectivity solutions for your needs, from Ethernet to Wavelengths and Fibre.
- Direct connection into all major cloud platforms such as AWS Direct Connect, Microsoft Azure ExpressRoute, Google Cloud Interconnect, Salesforce Express Connect.
- Seamless onward connectivity to the rest of Europe - with metro networks in 17 European cities and a diverse long haul network.

DC Connect key data centres

Equinix DB1 (Telecity DUB1)	Interxion DUB1	Keppel DC DUB2	servecentric
Equinix DB2 (Telecity DUB2)	Interxion DUB2	Digital Profile Park	Verizon City Centre
Equinix DB3 (Telecity DUB3)	Interxion DUB3	Eir Data Centre	
Equinix DB4 (Telecity DUB4)	Keppel DC DUB1	Hewlett-Packard	

Our long haul network

- We continue to add route kilometres in our metro and intercity networks, connecting more data centres, key sites and buildings with fibre.

Connecting to key data centres

- Offering connectivity options with leading service delivery timescales to key data centres
- Further connectivity to data centres across Europe, with 440+ directly connected in 51 cities

Rapid delivery

- Pre-deployed fibre based connectivity owned and operated by euNetworks
- Rapid service turn up across our footprint with delivery times of 5 days in some cities

Scalable connectivity

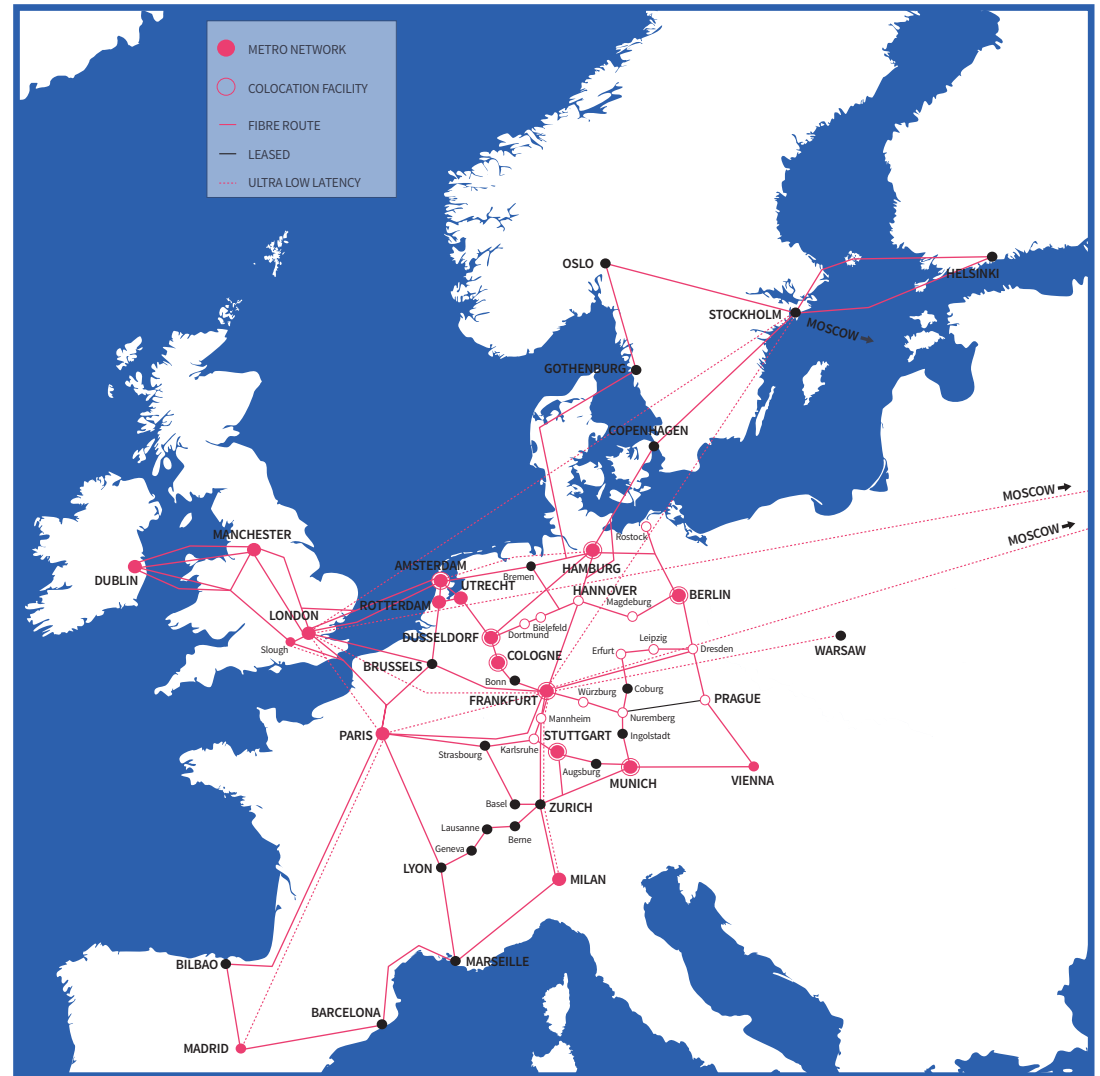

- Ethernet services, Metro Wavelengths and fibre-based solutions.
- An Ethernet platform that scales to support changing connectivity needs
- Highly reliable, private and dedicated fibre connectivity.

Enabling cloud access

- Direct connection into all major cloud platforms such as AWS Direct Connect, Microsoft Azure ExpressRoute, Google Cloud Interconnect and Salesforce Express Connect.

Cost efficiencies

- euNetworks owns and operates the network at the fibre layer, so our economics are compelling.
